

About Us

- Academy based, students choose one of the three academies:
 - Advanced Technologies
 - Engineering
 - Health Sciences
- Students apply for acceptance during their 8th grade year
- Tuition & textbooks are free for students
- In just 4 years you will earn an associates degree & a high school diploma
- Bus transportation is available
- School day is 8:05am - 2:30pm
- Graduates are prepared for college
- Students have access to high-school and college resources
- Students are available to participate in extra curricular activities and sports at their home high-schools

Special Features

- A public library
- Special centers focused on helping you learn, like the writing center
- Access to a highschool & college courses
- School takes place on a college campus

Caldwell Applied Sciences Academy

Applications are available Online:
cc.caldwellschools.com

Applications are open
December 1 through January 31
each year.

Visit our website: casa.caldwellschools.com
Visit our campus: 2857 Hickory Blvd. SW
Hudson, NC 28638

The Academy of Advanced Technologies

“Where students are encouraged to become producers of content rather than just consumers of content.”

This academy prepares students for entry-level jobs in the digital design and multimedia industry. Students “learn by doing” to develop skills in communication, critical thinking, and problem solving.

Students have the opportunity to earn the following:

- Digital Media & Mobile Application Development (Associate in Applied Science Degree)
- Digital Media (Certificate)
- Mobile Application Development (Certificate)

Other available program areas include:

- Networking & Cyber Security (AAS)
- Cyber Security & Networking (Certificate)
- Computer Programming & Development (AAS)
- Computer Programming (Certificate)

The Academy of Engineering

The Engineering Academy prepares students for the world of Mechatronics. This type of engineering focuses on the engineering and mechanical systems and also includes a combination of robotics, electronics, computers, telecommunications, systems control, and product engineering. Students develop problem solving, collaborative teaming, creativity, and independent thinking through highly-engaging hands-on learning and activities.

Students have the opportunity to earn the following:

- Mechatronics (Associate in Applied Science Degree)
- Mechatronics (Certificate)

As well as careers in:

- Robotics Engineer/Technician
- Automation Engineer
- Control System Design Engineer
- Electronic/Mechanical Design Engineer

+ many more!

The Academy of Health & Life Sciences

The Health Sciences Academy prepares students for health careers such as nursing, medicine, veterinarian, physical therapy, forensic science, and more. In this academy, students work to complete experiments and solve problems to learn how the world affects the human body and other organisms. Through this process, students also learn how to think like scientists and use scientific equipment.

Students have the opportunity to earn the following:

- Associate of Science or Associate of Arts 2-year Transfer Degree

Certificates:

- Nurse Aide I
- Medication Aide
- Emergency Management
- BioPharma
- Medical Office
- Assistant

As well as several different types of college credits.
